# SUPERIUM

## SUPERIUM X90

The pinnacle of pole design. The Superium X90 is, quite simply, the finest pole we have ever developed. Incredibly stiff at all lengths making rig control precise and easy.

The Superium X90 offers strength and durability previously only seen on cheaper poles. A beautiful pole that is the true flagship of the Superium series.

### SUPERIUM X90 PACKAGE:

- 16m Pole Inc Mini Extension
- Match Kit Supplied in pole
- 2 x Match Top 3 Kits (3.95m)
- 2 x Match Top 2 Kits (2.4m)
- 2 x F1 Kits (2.4m)
- 4 x Carp Kits (2.4m)
- 1 x Kup Kit
- 1 x Superium Holdall

CODE	DESCRIPTION	BARCODE	QTY	RRP
P0240056	Superium Pole X90 16M	5 056317 712087	1	3.599,99 €

## SUPERIUM

### SUPERIUM X70

A beautiful all-rounder, the Superium X70 offers performance never seen before at this price! The pole remains super stiff even at the full 16metres. Very well-balanced at every length, the X70 can conquer commercials and master natural venues with ease.

### SUPERIUM X70 PACKAGE:

- 16m Pole Inc Mini Extension
- Match Kit Supplied in pole
- 2 x Match Top 2 Kits (2.4m)
- 2 x F1 Kits (2.4m)
- 4 x Carp Kits (2.4m)
- 1 x Kup Kit
- 1 x Superium Holdall

SUPERIUM X50

## SUPERIUM

### SUPERIUM X50

We still do not know how we have managed to produce a pole of this quality for this price! Throughout testing our consultant team were amazed by this pole to the point where they thought we had the price wrong!

An amazing pole that is a true joy to use and own.

#### SUPERIUM X50 PACKAGE:

- 16m Pole Inc Mini Extension
- Match Kit Supplied In Pole
- 1 x Match Top 2 Kit (2.4m)
- 2 x F1 Kits (2.4m)
- 4 x Carp Kits (2.4m)
- 1 x Kup Kit
- 1 x Superium Holdall

16M

SUPERIUM X CARP

## SUPERIUM

### SUPERIUM CARP

Today's commercial waters are becoming more demanding, larger weights are needed to win matches and the fish continue to grow! The Superium Carp is designed to cope with these demands while still offering performance normally associated with lightweight flagship poles.

This pole fully interchanges with the X50, X70 and X90.

#### SUPERIUM CARP PACKAGE:

- 16m Pole Inc Mini Extension
- Carp Kit Supplied in Pole
- 7 x Carp Kits (2.4m)
- 1 x Kup Kit
- 1 x Superium Holdall

CODE	DESCRIPTION	BARCODE	QTY	RRP
P0240062	Superium Carp 16M	5 056317 712810	1	1.799,99 €

## SUPERIUM

### SUPERIUM X30

A true 16m pole that offers impressive rigidity at all lengths and awesome strength when dealing with hard fighting carp and stronger pole elastics.

A superb all-round pole that gives anglers the option of fishing at 16metres without breaking the bank!

#### SUPERIUM X30 PACKAGE:

- 16m Pole Inc Mini Extension
- Match Kit Supplied In Pole
- 2 x F1 Kits (2.4m)
- 2 x Carp Kits (2.4m)
- 1 x Kup Kits
- 1 x Superium Holdall

CODE	DESCRIPTION	BARCODE	QTY	RRP
P0240059	Superium X30 16M	5 056317 712506	1	1.199,99 €

## SUPERIUM

### SUPERIUM X20

The Superium X20 is the perfect 14.5m model that can deal with carp fishing and silverfish situations. Well balanced even at 14.5metres, the Superium X20 feels light in the hand and has the rigidity to fish delicate rigs at full length.

#### SUPERIUM X20 PACKAGE:

- 14.5m Pole Inc Mini Extension
- Match Kit Supplied in Pole
- 1 x F1 Kit (2.4m)
- 2 x Carp Kit (2.4m)
- 1 x Kup Kit
- 1 x Superium Holdall

## SUPERIUM

### SUPERIUM X10

The perfect all-round 13metre pole, the Superium X10 is suitable for any style of fishing thanks to its impressive rigidity and strength. The X10 is ideal for the angler who only wishes to fish up to 13metres but is also the ideal 'next-step' for anglers looking to advance from a shorter margin pole..

#### SUPERIUM X10 PACKAGE:

- 13m Pole Inc Mini Extension
- Match Kit Supplied in Pole
- 2 x Carp Kit (2.4m)
- 1 x Kup Kit
- 1 x Superium Holdall

P0240061	Superium X10 13M Pole	5 056317 712735	1	699,99 €

## SUPERIUM

### SUPERIUM MARGIN

A super strong margin pole that is incredibly light and stiff. It truly is a stunning 8.5m pole that can deal with the heaviest elastics available yet has the performance of a lightweight model.

The perfect partner to any of the other Superium poles.

#### SUPERIUM MARGIN PACKAGE:

- 8.5m Pole
- Carp Kit Supplied in Pole
- 2 x Carp Kits (2.4m)
- 1 x Superium Margin Holdall

CODE	DESCRIPTION	BARCODE	QTY	RRP
P0240063	Superium Margin 8.5M Pole	5 056317 712919	1	419,99 €

★ EUROPE ONLY ★

**EURO XS CARP 1000**

The flagship model of the Euro XS Carp range, this pole is at the forefront of technology and will satisfy the most technical Carpodrome anglers. It offers stiffness, balance, and power, all in abundance. All the joints of the pole are reinforced to offer durability and strength, while a new carbon weaving process coupled with a 1k carbon reinforcement on the most used joints provides added reassurance. It comes with a large package and a set of mini-extensions allowing you to preserve your pole when you are fishing short or mid-distances, or simply to fish past your feed area. Each section 2 has a reinforced area that can be drilled to fit a Roller Pulla bush.

**13M PACKAGE:**

- 13m Pole
- 3 x Spare Top 2 Kit
- 4 x Mini Extension
- 1 x Deluxe Holdall

**11.5M PACKAGE:**

- 11.5m Pole
- 2 x Spare Top 2 Kit
- 3 x Mini Extension
- 1 x Deluxe Holdall

## EURO XS CARP 800

The Euro XS Carp 800 is extremely powerful but has a perfect balance between handling, stiffness, and strength. It can be used in carpodromes as well as on natural waters in search of big fish! All the joints are reinforced to offer durability and strength with a new carbon weaving process coupled with a 1k carbon reinforcement.

Comes with a comprehensive package, it is available in 13m & 11.5m. And in 10.00m as a pole only.

### 13M PACKAGE:

- 13m Pole
- 3 x Spare Top 2 Kit
- 4 x Mini Extension
- 1 x Deluxe Holdall

### 11.5M PACKAGE:

- 11.5m Pole

★ EUROPE ONLY ★

EURO XS II

## EURO XS CARP 600

Built on the same key feature as the 800 and 1000, the Euro XS Carp 600 have been designed to tackle the biggest fish but also to target the snaggy areas where lots of power is required! All the joints have been reinforced to offer durability and strength. This powerful and very strong pole is responsive and stiff, which is important when using a CAD pot and hitting bites. Comes with a C-Drome Roller Pulla bush on the second section, which takes up to a maximum of a 4mm elastic.

## ASCENSION FEEDER

Ascension is a family of rods designed to excel at natural water fishing. Beautiful crisp actions that give you the correct casting action to suit each rod length whilst retaining stunning fish playing actions. Ascension continues Preston Innovations legendary reputation for producing rods!

International anglers Lee Kerry and Arnout Van De Stadt played a key role in developing the Ascension series. They demanded a rod range that would cope with fishing all venues in Europe and, with their help, Ascension has delivered.

The 3.2m and 3.4m rods are beautiful rods for short range work. They feature soft actions perfect for targeting roach, skimmers, and bream at short to medium range.

Looking for a top all-rounder? The 3.6m 60g Ascension is simply incredible. Featuring a dynamic action that allows a large range of feeders to be fished at 60metres whilst retaining a subtle touch for playing fish.

If longer casts are required, then the 3.8m 80g and 4.0m 120g will deliver the performance needed.

All Ascension rods are supplied with three carbon quivertips which perfectly blend into the Ascension range.

## INCEPTION

### INCEPTION FLAT ROLLERS

The Inception Pole Rollers build on the success of the Competition Pro rollers with several key improvements. All three rollers provide the angler with ultimate stability and reliability and all feature telescopic extending legs meaning that the height of each leg can be individually adjusted according to the terrain. In addition, each roller can be 'laid flat' by folding up the legs, making it the perfect ultra low-level roller. The integrated spirit level ensures the roller can be set up level every time.

Every roller features brand new silent bearings meaning effortless shipping whatever length of pole you are using. The vertical rollers are fixed and angled to help keep the pole within the roller, even in the windiest conditions while the XL and Super XL versions include a middle roller to help when double shipping longer lengths of pole. Each roller comes complete in its own storage bag.

## ABSOLUTE

### ABSOLUTE PLATFORM

The Absolute Platform is full of features making it the most user friendly and stable platform on the market. The design allows you to alter the width, meaning that its suitable for any seatbox on the market while the platform can be built or packed away in seconds and stored in the supplied deluxe storage bag. Dual spirit levels help to get the platform level while the supplied 'leg locks' mean that no matter what size your seatbox is, it will always be 100% secure.

#### KEY FEATURES

- 2 x Innovative 'leg locks' supplied
- 4 x 36mm diameter, 80cm length legs supplied
- All legs have threaded end caps
- Holes allow water to enter and exit all parts of the platform preventing floating and encouraging drainage
- Dual spirit levels
- Adjustable width to fit any seatbox including handy number markers
- Oversized handwheels for maximum grip
- Supplied in a deluxe padded bag with shoulder strap
- Length 970mm, Minimum width 775mm, Maximum width 980mm. Weight 8.16kg (without bag)

### ABSOLUTE 36 FEEDER CHAIR

The Absolute 36 Feeder Chair is super stable and supplied with four 36mm legs as well as two additional 36mm banksticks to enable you to attach any OffBox accessory including double knuckle side trays. As the name suggests it is ideal for feeder anglers where stability is key when attaching items like long rod rests.

Incorporating an extremely comfortable mattress, the Absolute 36 Feeder Chair is perfect for long sessions while it can be easily packed away with the folding back rest and removable legs which can be stored at the rear of the chair using the straps provided. A shoulder strap is included for ease of transportation.

P0120021	Absolute 36 Feeder Chair	5 056317 702446	1	259,99 €

**ABSOLUTE 36**

### ABSOLUTE 36 FEEDER CHAIR FOOT PLATFORM

Supplied with 2x 36mm legs, the Absolute Feeder Chair Foot Platform is the perfect addition to the Absolute 36 Feeder Chair, especially when fishing on uneven ground or into shallow water. Its super stable construction makes it also perfect for attaching additional OffBox accessories such as rod rests and keepnet arms. The foot platform can be securely locked in place or removed easily by using the locking pins on the cassette bar.

## OFFBOX

### OFFBOX WHEEL KIT

Designed specifically to make seatbox transportation simple, the OffBox Wheel Kit is a compact solution for the angler who requires a wheel kit to transport their seatbox. Designed to universally fit a wide range of seatboxes, this unique wheel kit makes transportation simple thanks to the sectional design of the frame. This allows the wheel kit arms to be left fitted to the seatbox which enables the angler to simply remove the wheels and pull handle making it easy to assemble.

Supplied with two robust wheels, super strong connecting knuckles and a pull handle the OffBox Wheel Kit can transport heavy loads with ease, perfect for the modern-day angler.

## OFFBOX

### OFFBOX SIDE FOOT REST

The OffBox Side Foot Rest is a must have item for anglers who enjoy fishing in the margins. With its super strong moveable knuckle, you can position the rest exactly where you need it and on either side of the seatbox. Once the rest is in position, it allows you to rotate around on your seatbox and rest your feet at the correct position and height to face down the margins, making it far easier to fish. The two 36mm legs supplied can be extended to the correct height and also used for housing additional OffBox accessories if required.

CODE	DESCRIPTION	BARCODE	QTY	RRP
P0110077	OffBox Side Foot Rest	5 056317 702477	1	119,99 €

## OFFBOX

### OFFBOX XS FEEDER ARMS

With dual fixing points, the XS Feeder Arms are extremely versatile and ultra stable. One of the fixing points can be situated under the seatbox frame making them perfect for use with traditional style seatboxes as well as stations. They feature easy angle tilt adjustment and are telescopic so the rest can be positioned at any angle and at multiple lengths, perfect for a wide variety of venues. Supplied with a quick release insert allowing you to quickly remove the rod rest head for storage.

Supplied with: 30mm round, 25mm round & 23mm OnBox inserts (x2 of each)

## ICS IN-LINE BANJO XR FEEDERS

The In-Line Banjo XR Feeder is an evolution from the popular Dura Banjo feeder and is the perfect option for carp, skimmers and F1's when you want to protect your feed more than on a standard Method Feeder. Suitable to be used at any distance but with a weight forward design they can be fished at extreme range with ease, the plastic and lead combination ensures that all of the weight can be positioned in the perfect area of the feeder for distance and accuracy. As part of the 'Interchange System' the Banjo XR Feeder allows the angler to alternate feeder sizes and weights without disassembling the entire rig.

## ICM IN-LINE BANJO XR FEEDERS

The In-Line Banjo XR Feeder is an evolution from the popular Dura Banjo feeder and is the perfect option for carp, skimmers and F1's when you want to protect your feed more than on a standard Method Feeder. The weight forward design means they can be cast accurately despite their small weights, the plastic and lead combination ensures that all of the weight can be positioned in the perfect area of the feeder for distance and accuracy. As part of the 'Interchange System' the Banjo XR Feeder allows the angler to alternate feeder sizes and weights with any ICM product without disassembling the entire rig.

P0040097	25g	5 056317 703818	10	3,75 €

## ICS BANJO XR MOULDS

The Banjo XR Moulds ensure that you use the correct amount of bait every time, simply add either pellets or groundbait to the top of the mould, insert the Banjo XR feeder and then compress using the two wings situated on the side of the mould. Press the button at the bottom to release and the bait will be perfectly compressed and ready to cast out. Available in small, medium and large to match the Banjo XR Feeder sizes.

## POLE SAFE'S

The Pole Safe's are available in two formats, a Sock and a Combo. The Sock is ideal for anglers who like a compact set up and can be attached to an Offbox Ripple Bar or Cross Arm using the attached thread. For an even more compact set up, the Sock can be attached using the Snaplok fitting on the side using a Short Keepnet Arm. At the base of the Sock there is a soft area to protect your pole further while the Sock itself is fully padded for ultimate pole protection.

The Combo has all of the same features as the sock but includes a Pole Grip, giving the angler both options. Many anglers prefer to use a grip for smaller sections while storing unused butt sections in the sock, the Combo helps to keep everything to hand while offering great protection for your expensive carbon products. The Combo features a Snaplok block at either end which gives the option of reversing the product and having either the Sock or the Pole Grip situated nearer to the seatbox.

CODE	DESCRIPTION	BARCODE	QTY	RRP

## KKH-B MAG STORE BAYONET & BANDED HAIR RIGS

8 per pack

Taking hooklength design to the next level. The Ready Rigs are constructed from the highest quality materials, and tied to precise specifications to create rigs suitable for all anglers. The fully loaded Rig Stick can be taken straight out of the packaging and placed into the correct sized Mag Store System box.

Each pack contains 8 hand tied rigs which are stored on the rig stick, hook size along with line diameter and breaking strain can be easily identified by the attached sticker.

KKH-B hooks are used on each rig, tied to the tried and tested Reflo Power line. The Banded rigs can be used for Pellets and Bandums while the Bayonet rigs are ideal for Boilie and Bandum hookbaits.

## PRECISION PELLET WAGGLERS

As the name suggests the Precision Pellet Wagglers fly like an arrow exactly where you cast them, making the smaller sizes perfect for 'mugging' large wary carp. They also 'sit' as soon as they hit the water, without diving at all which is a common problem when fishing really shallow. The design incorporates a 10mm diameter Balsa pellet waggler with an extremely bright and visible tip, perfect for fishing in poor light conditions and at range with the larger sizes. The key to them being so effective is the loading which sits in the perfect position, right up against the float. This prevents any wobble during casting and makes them the perfect 'ready to fish' pellet waggler.

P0220117	Large	5 056317 704594	10	2,75 €

### REVALUTION HOOKLENGTHS N-20

A range of high quality hooklengths specifically designed for feeder fishing. Each spool has 10 1m long rigs that can be simply unwound and attached to your mainline. The next rig can then be secured in place using the rotating pin on the spool, eliminating the need for any independent pins. High quality Natural N Series hooks have been used tied to tried and tested Reflo Power. The rigs can be stored in the Revalution Storage System, perfect for keeping all your rigs in order and away from the damp and direct sunlight. N20 Hooks are great for all round Skimmer and Bream fishing with baits from maggots through to pieces of worm.

## DFX SUIT

Building on the success of previous models the DFX suit is a feature packed waterproof garment that offers comfort and practicality on the bank. Manufactured from a 20,000mm waterproof and 3000g/m2 material this suit can withstand the heaviest of downpours and the hottest of days. Both the Jacket and Bib & Brace are reinforced in key contact areas and incorporate taped seams to ensure no water can penetrate through. The DFX Jacket features high neck protection, large storm flaps, waterproof zips, neoprene cuffs and stiffened peak hood which all adds to the durability, comfort and longevity of the suit. The DFX suit has an all-new modern design with striking areas of colour while still maintaining a stylish look, perfect for the serious match angler.

### JACKET FEATURES

- High neck for maximum protection from the elements
- Reinforced shoulders for added comfort when carrying tackle
- Large storm flap over the waterproof zip
- Neoprene cuffs with thumb hole to keep out of water and drafts
- Waterproof hood with stiffened peak

### BIB & BRACE FEATURES

- Reinforced knee and seat panels
- Large storm flap over the zip
- Wide opening legs with Velcro adjustment
- Large storm flap over the waterproof zip

Outer 100% Nylon & TPU Membrane Inner 100% Polyester.

### SOFT SHELL JACKET

The Soft Shell Jacket is perfect for wearing on cool days where it offers fantastic protection from the wind and the cold and is also showerproof. It features elasticated cuffs which help to eliminate any water running down your arm and three zip pockets, ideal for housing your phone, keys and other valuables. The adjustable hood helps to keep out the wind and any small rain showers that you may encounter during the session. The Soft Shell material is soft and comfortable making it ideal to wear as a standalone item, equally it can be worn underneath a waterproof suit in wet conditions.

### WINDPROOF FLEECE JACKET

The Windproof Fleece Jacket is the ideal choice in cold weather in spring, autumn and especially winter where the unique windproof, breathable material will keep you both warm and most importantly comfortable while on the bank. Features draw cords on the hood and waist and elasticated cuffs which help to keep water from running down your arms. There are three pockets which are perfect for storing valuables like phones and keys. The jacket can be worn underneath a waterproof suit for additional warmth and in wet conditions.
